

HP Z43 42.5-inch 4K UHD Display

Upgrade your impromptu meetings and collaborative brainstorming sessions with the 43" diagonal HP Z43 4K UHD Display. Get started immediately with single USB-C™ cable connectivity to your devices.

Brilliant views

- Experience crisp, colorful picture quality and excellent content readability with more than 8 million pixels. The 4K¹, 3840 x 2160 resolution screen replaces a typical quad-display setup without the bezel interruptions of multi-screen tiling.

Go live in seconds

- Start your meetings fast with one-and-done device connectivity from a single USB-C™ cable that declutters your workspace, receives video and data, and can power your device up to 65W.²

Create a content jam session

- Redefine onscreen collaboration when you pull content simultaneously from up to four PCs and broadcast together on the screen at the same time with Picture-by-Picture features.

Featuring

- Quickly connect to your video source with DisplayPort™, USB-C™, HDMI 2.0 or Mini DisplayPort™; and conferencing tools like a webcam or speakers with 3 USB 3.0 ports and an additional USB-C™ port.
- Use the display with its adjustable tilt and swivel stand in conference rooms and workspaces where you need large-scale views of data and content, or take it off the stand and mount on a wall in small spaces with the attached VESA.
- Drive a meeting from your mobile device, notebook or a collaboration-enabled PC like HP Elite Slice for Meeting Rooms, which has one-touch collaboration keys and is optimized for Skype for Business®.
- Rest assured that your IT investment is supported by a three-year standard limited warranty. To extend your protection, select an optional HP Care service.

HP Recommended Accessories and services

HP B500 PC Mounting Bracket

Customize an altogether better solution with the HP B500 PC Mounting Bracket, which lets you attach your HP Workstation, HP Desktop Mini, HP Chromebox or select HP Thin Client directly behind select 2017 and 2018 HP Z Displays.¹
